## **SUMMARY OF SKILLS**

- Currently pursuing electrical engineering degree (4<sup>th</sup> year)
- Experience with a multitude of engineering software (AWR, Feko, Matlab, Multisim) as well as technical documentation
- Fast learner, Highly motivated with a demonstrated passion for excellence and taking initiative

https://harbinger4181.github.io/Walid-Rashad

- Strong interpersonal, written, and verbal communication skills
- Outstanding oral and written language skills for French, English and Arabic
- Knowledge of many computer languages (HTML, CSS, Javascript, VBA, Python, etc.)

#### **EDUCATION**

#### **Bachelor's Degree in Electrical Engineering**

University of Ottawa, Ottawa (Ontario)

• \$3,000 admission and merit scholarships (for average GPA over 85%)

Scholarship for French studies

### The Complete Web Development Bootcamp

2023-...

2020 - ...

(https://www.udemy.com/course/the-complete-web-development-bootcamp/)

#### **Automotive Engineering: Automobile Fundamentals**

2023-..

(https://www.udemy.com/course/automotive-engineering-automobile-fundamentals-and-advanced/)

### **VOLUNTEERING**

### **ISED Charitable Campaign**

2023

Innovation, Science and Economic Development (Ottawa)

- Organize donation events with other ambassadors
- Represent the campaign as an ambassador within my specified branch
- Stay in touch with potential donors

### **JOB EXPERIENCE**

#### **Electrical Engineering COOP Student**

2022

Canadian Coast Guard

- Assist engineers in building and updating Electrical infrastructure for ships
- Research topics around renewable energy and potential energy sources for future ships
- Proofread official documents and pinpoint mistakes while asking about new concepts
- Discuss various advancements with the CCG Engineering Support Group

Bombardier

- Contribute to the validation/development of tools to simulate and analyze CEM data
- Use EMC software such as Altair Feko to simulate electromagnetic interference between cables and the effectiveness of anti-shielding interference shielding
- Analyze data and test the results of current research projects

#### **Telecommunications Officer**

2023

Innovation, Science and Economic Development

- Introduction to VBA modifying and adding functions in database tools in Microsoft Excel/Access. Also helped others debug and solve coding issues
- Project reviews deliverables, project sites, coverage maps (mapping tasks), among others
- Exposition to network infrastructure and concepts such as GPON, OLTs and Logic Network Diagrams
- Present a tutorial to other staff members on new mapping functionalities

#### **CITIZEN INVOLVEMENT**

#### Section Sergeant, Air Cadets of Canada

2016-2020

Hull Regiment (Squadron 500), Gatineau (Québec)

- Discipline a squad of cadets under my supervision by showing them how to do military marches
- Participate in military marches during events and give speeches (Remembrance Day)
- Participate annually in forest survival activities, where leadership skills can be acquired
- Carry out door-to-door sales of chocolates and lottery tickets in order to finance the activities of the squadron
- Attend the aviation course at the Evolution flight school
